

# AyrKing Corporation

# Breader/Blender/Sifter

AyrKing offers a manual breadng workstation with integrated automatic Blender/Sifter machine. Rotary brush sifter operates without detrimental vibration or agitation. Spirally configured nylon bristles form an auger to eject unwanted dough balls to a waste container. Ingredients are fully blended as brush tumbles breadng media before it exits through sifter screen. Unique process prevents dough ball grinding, eliminates usual sifting noise, & blends ingredients as it ejects waste.

## INCLUDED ACCESSORIES

- B101 Red plastic lug plug
- B106 stainless breadng lug with hole
- B107 stainless lug cover
- B104 stainless 1/3 size pan
- B127 stainless half size pan
- B128 stainless 2/3 size pan
- B241 Swivel casters, four locking 5"
- B303 White plastic breadng lug without hole
- B129 half size basket w/handles (2 included)
- B336 batter drip guard
- B345 slide out shelf holds B127

## OPTIONAL ACCESSORIES

- B511 Rear add-on shelf for 2nd breadng area
- B303G Gray plastic breadng lug without hole

## ADVANTAGES

Sift and blend 30 lbs (14 kg) of breadng in 60 seconds!

Rotary auger brush blends, sifts, and ejects dough balls simultaneously

Blending brush action prevents ingredient segregation, unlike vibrating or agitating systems

Quiet, vibration-free operation creates results, not disturbances

Sixty second timed cycle frees labor and saves energy

Fully enclosed sifter with only four internal parts, reduces dust and allows quick and easy cleaning

Direct drive, steel geared motor & solid stainless steel fabrication provide lasting performance

Optional rear fold-down shelf to hold additional stainless breadng pan

## MODEL

BBS-U-L3927GC 39"L by 27"W table on casters with sloped overshef
