

AyrKing Corporation

Breader/Blender/Sifter

AyrKing offers a portable automatic Blender/Sifter machine. Rotary brush sifter operates without detrimental vibration or agitation. Spirally configured nylon bristles form an auger to eject unwanted dough balls to waste container. Ingredients are fully blended as brush tumbles breading media before it exits through sifter screen. Unique process prevents dough ball grinding, eliminates usual sifting noise, & blends ingredients as it ejects waste.

INCLUDED ACCESSORIES

B101 Red plastic lug plug

B128H Stainless steel breading lug, two thirds size 8" deep w/ hole

B106 Stainless steel breading lug, full size 8" deep w/o hole

B304 White plastic dough ball pan

B411 C-Clip Bun Pan Holder

3600071 Swivel casters, four locking 3.5"

ADVANTAGES

Sift and blend 25 lbs (11 kg) of breading in 60 seconds!

Rotary auger brush blends, sifts, and ejects dough balls simultaneously

Blending brush action prevents ingredient segregation, unlike vibrating or agitating systems

Quiet, vibration-free operation creates results, not disturbances

Sixty second timed cycle frees labor and saves energy

Fully enclosed sifter with only three internal parts, reduces dust and allows quick and easy cleaning

Direct drive, steel geared motor & solid stainless steel fabrication provide lasting performance
