

# AyrKing Corporation

# Breader/Blender/Sifter

AyrKing offers a portable automatic Blender/Sifter machine. Rotary brush sifter operates without detrimental vibration or agitation. Spirally configured nylon bristles form an auger to eject unwanted dough balls to waste container. Ingredients are fully blended as brush tumbles breading media before it exits through sifter screen. Unique process prevents dough ball grinding, eliminates usual sifting noise, & blends ingredients as it ejects waste.

## INCLUDED ACCESSORIES

- B202S-2mm Screen with 2mm holes (20" long)
- B101S Flexible Red plastic lug plug (3 total)
- B116 S/S 6" deep breading lug w/ hole (2 total)
- B304 White plastic dough ball pan
- B411 Bun Pan Holder (field locatable on frame)
- Swivel casters, four locking 5" (13mm)

## ADVANTAGES

Sift and blend 25 lbs (11 kg) of breading in 50 seconds!

Rotary auger brush blends, sifts, and ejects dough balls simultaneously

Blending brush action prevents ingredient segregation, unlike vibrating or agitating systems

Quiet, vibration-free operation creates results, not disturbances

Sixty second timed cycle frees labor and saves energy (hidden timer adjustment)

Fully enclosed sifter with only three internal parts, reduces dust and allows quick and easy cleaning

Direct drive, steel geared motor & solid stainless steel fabrication provide lasting performance
