Protein Storage Rail

PSR461410

The AyrKing PSR461410 is a cold storage option that keeps proteins conveniently within arm's reach and at safe temperatures. Pre-chilled cold pans slide easily inside the rails to keep foods cold for up to 8 hours and can be replaced with fresh pans as needed. Durable stainless steel construction ensures the racks can withstand the rigors of demanding kitchen environments, and their space-saving design allows for seamless integration with several BBS and Ice Bath Cart models without increasing the footprint.
